

INDRAPRASTHA INSTITUTE *of*
INFORMATION TECHNOLOGY **DELHI**

CERTIFICATE

This is to certify that **Sahil Patel** has successfully completed a seven-month "Internship for Undergraduate Students" with IIIT Delhi, under the guidance of Professor Tavpritesh Sethi from the Department of Computational Biology. The internship began on May 13, 2022, and focused on the topic of "Disability Scoring", specifically in the area of Web Development.

As part of the internship, **Sahil Patel** was involved in the development of a web-based application aimed at scoring websites based on their accessibility to users with disabilities. The project's main objective was to determine whether websites were accessible or not, based on international guidelines such as WCAG and Indian guidelines.

He played a significant role in developing the application, displaying an excellent understanding of the technology and actively contributing to research discussions.
